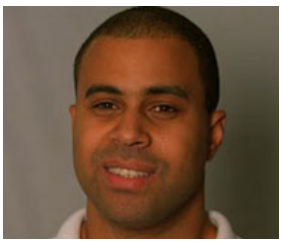
Speakers

Teri McKeever
McKeever is known as a coach who turns previously unnoticed swimmers into major talents, and talented-but-burned-out swimmers into Olympians and world champions.One of these swimmers is Natalie Coughlin, an 11-time Olympic medalist. In 2004 the first woman coach on a USA team at a major international meet and for for London 2012 she will be the first female US Olympic Headcoach.

William "Bill" Boomer
Bill was the head coach of the men's swim team at the University of Rochester from 1962 to 1990. Beginning in the early 1990s, Boomer was a technical consultant to five time Olympic coach Richard Quick at Stanford University swim team and has worked one-on-one with many world-class swimmers their coaches. Boomer was a technical advisor to the 1996, 2000, and 2004 USA Olympic teams.

Milton Nelms
Milton is a leading expert and innovator in cutting edge swimming technique in the world today. He designs programming for athlete development and the teaching of swim technique. Milt's work is recognized as one of the top 25 most significant contributions to USA Swimming for the last quarter of the century.



Chris Martin
Chris have been involved in international swimming for over 20 years. He was on US International teams, headcoach of Scotland, head development coach for British Swimming and now Chris is working with the City of Shanghai coaching and developing a group of promising juniors at their training academy.

Shane Gould
Shane Gould, M.B.E is well-known throughout Australia and wherever people take an interest in swimming. She has three gold, a silver and a bronze from the Munich Olympics 1972, and held all freestyle world records, as well as the 200 Individual medley.
Now she is a successful businesswoman, author, keynote speaker and swimming commentator.

Alex Nikitin
Alex Nikitin has been coaching swimming at the Multnomah Athletic Club in Portland, Oregon since 1994. Nikitin is a founder of Parametrix Research. The intriguing possibility of bringing the science and the art of coaching closer together has become his lifelong interest. The pursuit of that lofty goal, as well as making sport science accessible to the grassroots coaches.

Brad Burnham
Brad Burnham arrived at Bowdoin in 2000 after being involved in all aspects of the UCLA swimming program for six years. While at UCLA Burnham coached his team to 16th or better at the NCAA championships each year - and played a role in over 40 Division I All-American performances. He parlayed his experiences at the highest level into undeniable success at Bowdoin.

Kipp Dye
Kipp Dye is a Boston area Physical Therapist and former elite level swimmer at the University of California at Berkeley. Kipp specializes in rehabilitation of the shoulder for athletes in throwing sports and for competitive swimmers.
